'Welcome'

Your Sunseeker Charter Experience will begin at 1500 hours at Poole Quay Boat Haven. You will be greeted by the crew of 'High Energy' upon your arrival aboard the Sunseeker motoryacht.

While the vessel is stationary, you will have the best opportunity to peruse the opulent interior.

Once you have had an introduction and safety briefing from your skipper and crew, High Energy will slip its moorings and head out into Poole Harbour.

Sightseeing in style

High Energy will cruise out of the Poole Harbour – the second largest natural harbour in the world. To your right, you will see Brownsea Island, which is the home of Scouting. On your left, as you exit the harbour, is Sandbanks – renowned for being the third most expensive property location in the UK.

Once out of the harbour, the speed will increase. Catch your breath as you are transported with seeming effortlessness by this pedigree performance vessel. You will head southwest along the 'Jurassic Coast' – a UNESCO World Heritage Site – soaking up the beautiful views.

High Energy will continue its waterborne tour of the local area until around 1730 hours when the vessel will return to its mooring at Poole Quay.

Sit back and relax or explore

Once the vessel is berthed in Poole Quay Boat Haven, guests will have the option to explore Poole's historic quay (pictured below), or enjoy drinks on the spacious flybridge.

An evening of world-class food and drink

At around 1900 hours, pre-dinner champagne and canapés will be served on board High Energy.

Guests will then take their seats around the table in the aft cockpit for a sumptuous four-course dinner with matching wines.

After a delicious meal, guests will depart at 2230 hours.
